## INCOME STATEMENT

|                                        |     | 1.1.-30.09.2025 | 1.1.-30.09.2024 | Change |
|----------------------------------------|-----|-----------------|-----------------|--------|
| Rental income                          | € m | 178.3           | 179.1           | 0%     |
| Net rental income                      | € m | 155.0           | 149.2           | 4%     |
| EBITDA                                 | € m | 138.4           | 131.0           | 6%     |
| Operating result (EBIT)                | € m | 119.7           | 21.9            | 446%   |
| Net result before taxes (EBT)          | € m | 81.6            | -32.3           | n.m.   |
| Result from continuing operations      | € m | 149.6           | -33.5           | n.m.   |
| Consolidated net result                | € m | 149.6           | -33.4           | n.m.   |
| Operating cashflow                     | € m | 175.3           | 96.8            | 81%    |
| Capital expenditure                    | € m | 133.1           | 98.4            | 35%    |
| FFO I (excl. trading and pre taxes)    | € m | 93.3            | 86.5            | 8%     |
| FFO II (incl. trading and after taxes) | € m | 69.1            | 88.1            | -22%   |

## BALANCE SHEET

|                                                  |     | 30.09.2025 | 31.12.2024 | Change                |
|--------------------------------------------------|-----|------------|------------|-----------------------|
| Total assets                                     | € m | 5,760.5    | 6,028.6    | -4%                   |
| Shareholders' equity                             | € m | 2,579.4    | 2,562.2    | 1%                    |
| Long and short term interest-bearing liabilities | € m | 2,538.5    | 2,720.8    | -7%                   |
| Net debt                                         | € m | 1,649.8    | 1,895.9    | -13%                  |
| Gearing (gross)                                  | %   | 98.4       | 106.2      | -777 bp <sup>2)</sup> |
| Gearing (net)                                    | %   | 64.0       | 74.0       | -1,004 bp             |
| Equity ratio                                     | %   | 44.8       | 42.5       | 228 bp                |
| Gross LTV                                        | %   | 53.7       | 54.8       | -105 bp               |
| Net LTV                                          | %   | 34.9       | 38.2       | -326 bp               |

## PROPERTY PORTFOLIO

|                                   |     | 30.09.2025 | 31.12.2024 | Change |
|-----------------------------------|-----|------------|------------|--------|
| Total usable space <sup>3)</sup>  | sqm | 881,253    | 1,090,888  | -19%   |
| Book value of properties          | € m | 4,723.1    | 4,964.8    | -5%    |
| Gross yield investment properties | %   | 5.4        | 5.5        | -6 bp  |
| Occupancy rate <sup>4)</sup>      | %   | 93.7       | 93.1       | 63 bp  |

<sup>1)</sup> The key figures on this page refer to the properties wholly owned by CA Immo (fully consolidated).

<sup>2)</sup> bp=basis points

<sup>3)</sup> Excluding strategic vacancies: strategic vacancies are defined as space that is not let for strategic reasons, for example while modernisation work is being carried out or in order to optimise a building's tenant structure.

<sup>4)</sup> Occupancy by area

## FOREWORD BY THE MANAGEMENT BOARD

Keegan Viscius (CEO)

Andreas Schillhofer (CFO)

---

### DEAR SHAREHOLDERS,

We continued to make good progress in implementing our strategic priorities to strengthen our business and generate value for our shareholders in the third quarter of 2025. In a continuing challenging market environment, we grew our income, managed our expenses with a clear focus on overall operational efficiency and prime office quality, and sold additional properties that do not meet our strategic prime requirements.

The result is a strong operational performance with stable income despite non-core income-producing property sales, and a portfolio that is better positioned today than 12 months ago. As at 30 September 2025, net rental income and FFO I increased by 4% and 8% respectively yoy, 14 disposals of non-core assets were closed on average at a premium to book value, and our development pipeline progressed on time and on budget.

All in all, we can say that we delivered the third consecutive profitable quarter, bringing consolidated net result to around €150m as at reporting date despite weak external markets.

#### **Stable occupancy and income**

Our active asset management approach with teams on the ground in our local markets allows us to quickly respond to tenant demands and market developments, further increasing our occupancy rates and income despite the decreasing overall portfolio size due to sales:

–Occupancy up from 93.1% (31.12.2024) to 93.7%,

- Signed total of c. 102,000 sqm of new and extended existing leases at rents slightly above the expected rental value (ERV),
- Signed 27 leases representing 35% of current vacant space with future start dates,
- Reduced landlord non-recoverables and increased NRI by 4% and FFO I by 8%,
- Signed a 21,000 sqm lease extension until 2032 in November, marking the largest office lease transaction in Warsaw in 2025.

#### **Improved portfolio quality and sustainability KPIs**

87% of our portfolio has a sustainability certificate (DGNB, LEED, BREEAM, incl. properties in certification process), up from 79% at the end of 2024. The rate of properties meeting EU Taxonomy Do No Significant Harm criteria (in terms of energy efficiency) stood at 80% as at the reporting date. In September, we received an EPRA Gold award for best practice sustainability reporting for the 5<sup>th</sup> year in a row. Through active portfolio management, we have increased the value of our property assets since 2018 from €4.5bn to €4.7bn, while reducing the underlying rental space from 1.4m sqm to around 0.8m sqm.

#### **Progressed profitable development pipeline**

As at the reporting date, we have two office properties under development in the Berlin Europacity submarket:

- Upbeat is 100% pre-leased and on track to complete in early 2026,

- Anna-Lindh-Haus on track to complete in 2026 with head of terms signed with two tenants that would bring pre-leasing to 100%.

Three more projects in prime central Berlin are advancing through the preparation and planning phase – two ground-up developments (one located at Humboldthafen, the other at Hallesches Ufer in the vicinity of Potsdamer Platz) and the refurbishment of Karlsbad 11, one of our older buildings at the end of its lifecycle, which we will redevelop into a modern class A office property. The re-development is designed to qualify the property as a nearly zero energy building (NZEB) in accordance with EU regulations, and to achieve DGNB Platinum sustainability certificate. Currently, exclusive negotiations are underway for a pre-lease to a single tenant for 100% of the building.

Once completed, these assets will further strengthen our prime office footprint in our largest core market of Berlin. All developments under construction and in planning are state of the art buildings with highest level of technology, specification, certification, and sustainability features that we believe will maintain their relevance through future leasing cycles.

#### **Closed profitable sales**

We pursue a proactive, disciplined approach to our activities as an investor, manager, and developer of modern prime office properties, and focused early on disposing of non-core assets, continued disciplined reinvestments into our strategic assets, and on simplifying the business model.

Our strategic focus remains to take advantage of market liquidity to sell non-strategic assets as well as monetise future profit where no further value creation exists. Against this background, we target to sell properties that are non-core in terms of asset class, location, building quality, age, or value creation potential. In 2025, we made the following progress in implementing our capital rotation programme so far:

- Closed the sale of 16 non-core assets (thereof two in Q4) totalling around €540m in proceeds on average at a premium to book value,
- Sales included our last property in Serbia (market exit), a hotel property in Berlin, two parking garages, and several plots with residential, logistics or mixed use,

- As part of our decarbonization strategy, we have sold our last property with oil heating, and
- Signed the sale of three additional properties to date with closing expected in the first half-year of 2026.

Following these sales, our portfolio has improved in terms of quality, focus, geographic footprint, and sector.

With the proceeds from these sales we have multiple options, including general corporate purposes, accretive investment in our prime portfolio, repayment of debt, buyback of shares, the distribution of dividends, and external investment should attractive opportunities arise.

#### **Organisational streamlining**

Simultaneously while improving the underlying portfolio quality, we made progress on further simplification of our business through outsourcing of non-core services. In September, we ended another non-value-adding joint venture (in which CA Immo held a non-controlling 49% stake) by outsourcing our property management subsidiary DRG in Germany to a third party best in class service provider.

#### **Stable financial position**

Our balance sheet remains solid, with an equity ratio of 44.8%, a net LTV of 34.9%, and an adequate liquidity position.

#### **Changes to the Supervisory Board**

The majority shareholder of CA Immobilien Anlagen AG, SOF-11 Klimt CAI S.à.r.l., has appointed Barry Sternlicht to the Supervisory Board using its delegation rights under the registered shares held. Mr. Sternlicht, Chairman and CEO of Starwood Capital Group, follows David Smith, who has been recalled from his mandate.

#### **Share buyback programme**

One of our key corporate priorities, in addition to focusing on profitability and simplifying the business, is return of capital to shareholders. Since 2018 we have returned c. €1.5bn of capital back to shareholders via dividends and buybacks. Despite this return of capital, our business is larger today (in GAV) than it was in 2018, reflecting the value we have created operating our business.

We have recently initiated another buyback programme for up to 2% of shares outstanding and have currently invested around €27m since the beginning of the programme in share buybacks at an average discount to NAV of 10%, while having sold assets at an average premium to NAV of 4%.

#### **Outlook 2025**

The macro environment remains dynamic and to some extent unpredictable, influenced by higher interest rates compared to pre 2022 levels, economic fluctuations, and regulatory changes. Increasing political uncertainty, exacerbated by the US tariff regime, among other factors, is expected to affect the economic performance in Europe, with interest rate cuts expected to offer only little support. According to recently published sentiment surveys, business sentiment remains subdued due to the weak macroeconomic environment. For our core market Germany, there is modest GDP growth expected in 2026 after years of recession, but the outlook is still uncertain.

We continue to operate in a weak real estate market environment, albeit with first positive signals and slowly shifting sentiment showing in Germany. We see slower tenant demand, but rental growth in our German core markets. Construction supply is moderating and falling, which – coupled with stable occupational demand – should lead to falling vacancy rates in the future.

The requirements for office properties have changed significantly in recent years. We anticipate a continued bifurcation within office markets, with weaker assets in

non-central locations facing increasing pricing pressure. This environment creates fierce competition for capital, which requires discipline and a strong focus to protect our core business, as well as a willingness to embrace change to emerge stronger and seize new opportunities as they arise. Thanks to our early focus and transformation of the portfolio towards first-class quality and prime locations, we are confident that we can navigate these challenges successfully.

Our strategic priorities remain focused on (1) accelerating non-core disposals, (2) simplifying our business model, (3) increasing critical mass and driving economies of scale, (4) continued disciplined investment in financially accretive developments and income-producing properties, (5) selective external investment, (6) maintaining a strong balance sheet and stable financing KPIs / covenants and (7) returning excess capital to shareholders.

As we look ahead, our priority remains creating long-term, sustainable value for our stakeholders. With a clear strategy, a solid financial base, and a highly skilled team, CA Immo is well positioned to continue its success. We confirm our financial target: Recurring earnings (FFO I) for the full year 2025 is expected to be above €104m (€1.08 per share).

We would like to thank our shareholders for their trust and confidence in us as stewards of their capital, and all the dedicated CA Immo employees for their hard work and contribution.

Vienna, 26 November 2025

## CAPITAL MARKETS

### ECONOMIC ENVIRONMENT

Europe began 2025 with comparatively moderate inflation, but geopolitical risks remained high. The ongoing war in Ukraine continues to weigh on the investment climate. In addition, the autumn of 2025 saw a new wave of escalation in the Middle East: despite a ceasefire in effect since October 10, renewed fighting broke out between Israel and Hamas. Geopolitical tensions, together with protectionist trade conflicts, are increasing uncertainty.

Since the third quarter of 2022, inflation rates in the euro area have fallen sharply. In spring 2025, they returned to around the 2% mark for the first time. In May 2025, annual inflation stood at 1.9%, and in June at around 2.0%. As ECB President Lagarde emphasized, the inflation rate was thus once again close to the 2% target. Consequently, the ECB lowered its key interest rates in June 2025 again (deposit facility to 2.00%, main refinancing operations rate to 2.15%, and marginal lending facility to 2.40%). Since then, the ECB Governing Council has paused further rate changes. Interest rates remained unchanged in both July and September 2025.

Despite the easing of inflationary pressures at the end of 2024 and beginning of 2025, risks have not been fully eliminated. Persistently high energy prices and a strong euro could continue to dampen inflation. Conversely, tighter trade restrictions or increased government spending (e.g., on defense) could again put upward pressure on prices in the medium term. The ECB is therefore maintaining a cautious, data-dependent monetary policy.

Despite this monetary policy easing, financing conditions for companies remain tight. The effects of the previous interest rate hikes between 2022 and 2023 continue to be felt, particularly in the real estate sector. Financing conditions remain restrictive, and access to external capital is still challenging. The significantly higher financing costs compared to 2020–2022 are weighing on project development and causing continued restraint in transaction markets. The previously rising capital market yields led to noticeable devaluations in the real estate sector during 2022 and 2023. Stabilization began to emerge gradually in 2024. In the first three quarters of 2025, valuations overall appear stable, with some early signs of recovery in specific market segments and prime locations. However, general uncertainty – particularly regarding future interest rate developments and geopolitical risks – continues to foster caution and selective investment behavior.

The corporate bond market for the real estate sector, which had already been stabilizing since the second half of 2024, continued this positive trend in 2025. Issuers with investment-grade ratings in particular benefited from improved market sentiment and were able to issue bonds under increasingly competitive conditions. Declining inflation, ECB rate cuts, and renewed risk appetite among institutional investors supported this development. In contrast, access to capital markets remained challenging for real estate companies with weaker (non-investment grade) ratings. New issues were typically limited in volume and associated with significantly higher risk premiums. Overall, refinancing conditions improved markedly for companies with strong credit quality, while issuers with lower creditworthiness still face difficult market conditions.

Against this backdrop, macroeconomic risks and geopolitical tensions are increasingly moving into the focus of strategic planning. The strong euro, which has appreciated significantly against the U.S. dollar since the beginning of the year, dampens inflation but poses challenges for the export sector. At the same time, public investment in infrastructure and defense – particularly in Germany and France – is expected to provide potential growth stimulus from 2026 onward.

Overall, the economic environment in 2025 remains characterized by a field of tension: on one side, falling inflation and ECB rate cuts; on the other, a more restrictive lending environment and persistent geopolitical uncertainty. The real estate sector continues to face the challenge of repositioning itself in an environment of higher financing costs and selective capital availability. However, a positive development in the bond market and a potential continuation of the interest rate reduction phase could contribute to a further stabilization in the medium term.

Compared with the previous quarter, seasonally adjusted GDP in the euro area rose by 0.2% in the third quarter of 2025 and by 0.3% in the EU. This is based on a preliminary flash estimate published by Eurostat, the statistical office of the European Union. In the second quarter of 2025, GDP had increased by 0.1% in the euro area and by 0.2% in the EU.

In September 2025, the seasonally adjusted unemployment rate in the euro area stood at 6.3%, unchanged from both August 2025 and September 2024. The unemployment rate in the EU was 6.0% in September 2025, also unchanged from August but up from 5.9% in September 2024.

Annual inflation in the euro area in October 2025 is estimated at 2.1%, compared with 2.2% in September. Among the main components of euro area inflation, “services” are expected to have the highest annual rate in October (3.4%, compared with 3.2% in September), followed by “food, alcohol and tobacco” (2.5%, compared with 3.0% in September), “non-energy industrial goods” (0.6%, compared with 0.8% in September), and “energy” (–1.0%, compared with –0.4% in September).

#### SHARE PRICE DEVELOPMENT, TRADING LIQUIDITY AND MARKET CAPITALISATION OF THE CA IMMO SHARE

Since the beginning of the year, the CA Immo share has recorded a gain of less than 1%, closing at €23.38 as of 30

September 2025. By comparison, the ATX achieved an increase of around 27%, while the European real estate index EPRA (excl. UK) rose by 3% over the same period. The CA Immo share reached its annual high on 29 May 2025 at €24.88, while the annual low was recorded on 9 April 2025 at €20.20.

As of 30 September 2025, CA Immo’s market capitalization amounted to approximately €2.4bn (30 September 2024: €2.9bn). The average daily trading volume (single count) declined sharply by 87% in the first nine months of 2025 compared with the same period of the previous year, amounting to 74.8k shares versus 562.6k shares in 2024. The average daily liquidity of the share (single count) decreased by around 90% year-on-year to €1.7m (Q1–Q3 2024: €16.8m).

## ORDINARY GENERAL MEETING 2025

The 38th Annual General Meeting of CA Immo was held on 5 May 2025. Taking into account the company's own shares, which do not carry voting rights, attendance stood at approximately 78% of the share capital, represented by 375 shareholders and shareholder representatives.

In addition to the regular agenda items (appropriation of profits, discharge of the Management and Supervisory Boards, determination of Supervisory Board remuneration, appointment of Deloitte Audit Wirtschaftsprüfungs GmbH as auditor of the financial statements and consolidated financial statements for the 2025 financial year – and, if required at a later date, the sustainability report – and the resolution on the remuneration report for the 2024 financial year), the re-election of Mr. Torsten Hollstein to the Supervisory Board was also put to a vote.

Furthermore, resolutions were passed regarding the Management Board's authorisations related to the acquisition and disposal of treasury shares, including the possible exclusion of shareholders' (reverse) subscription rights in connection with the acquisition of treasury shares. All resolutions proposed by the company received the legally required majority.

The resolution on the appropriation of profits provided for a dividend of €1.00 per dividend-entitled share to be distributed from the distributable profit of €454,845,258.79 reported as of 31 December 2024. The remaining balance was carried forward to new account. The dividend was paid out on 14 May 2025.

## TREASURY SHARE CANCELLATION AND NEW SHARE BUYBACK PROGRAMME

Based on the authorization granted by the 38th Annual General Meeting, the Management Board of CA Immobilien Anlagen Aktiengesellschaft resolved on 27 August 2025 to cancel 5,324,821 bearer shares of CA Immobilien Anlagen Aktiengesellschaft, effective as of the same date. Following the approval of the Supervisory Board on 27 August 2025, the cancellation of the repurchased treasury shares became effective on that date. As a result of the cancellation of 5,324,821 treasury shares, the share capital of CA Immobilien Anlagen Aktiengesellschaft was reduced by €38,711,448.67 as of 27 August 2025 and now amounts to €735,517,568.35, divided into 101,171,605 no-par value shares (of which 4 are registered shares and now 101,171,601 are bearer shares). After the cancellation, 5,324,821 treasury shares were held, corresponding to approximately 5.26% of the company's current share capital after the reduction.

On the same date, 27 August 2025, the Management Board of CA Immobilien Anlagen AG also resolved, on the basis of the authorization granted by the 38th Annual General Meeting held on 5 May 2025 in accordance with Section 65 (1) no. 8 of the Austrian Stock Corporation Act (AktG), to implement another share buyback programme ("Authorization"). The volume amounts to up to 2,023,432 shares (representing 2.00% of the company's current share capital after the cancellation of 5,324,821 treasury shares). The share buyback programme provides for the acquisition of shares via the stock exchange. The conditions for these purchases are governed by the authorization. In particular, the consideration to be paid upon repurchase must remain within the range defined by the resolution of the Annual General Meeting and may

not be more than 30% below or 10% above the average unweighted closing price of the ten trading days preceding the repurchase. The maximum consideration may not exceed the most recently published IFRS NAV per share. The buyback programme commenced on 15 September 2025 and will end no later than 4 November 2027. The repurchase is made for any purpose permitted by the resolution of the Annual General Meeting, with a key objective being the enhancement of shareholder value.

As of 30 September 2025, 153,533 bearer shares had been repurchased, representing approximately 0.15% of the share capital. The highest price paid per share was €23.52, the lowest price paid was €22.24, and the weighted average price paid per share was €22.77. The total value of the repurchased shares amounted to €3,496,255.17. As of the reporting date, CA Immo held 5,478,354 treasury shares (31 December 2024: 9,341,683 treasury shares), corresponding to 5.41% of the total number of issued voting shares.

As of 17 November 2025, 1,118,651 bearer shares had been repurchased, representing approximately 1.11% of the share capital. The highest price paid per share was €25.12, the lowest price paid was €23.24, and the weighted average price paid per share was €23.99. The total value of the repurchased shares amounted to €26,832,014.60. As of this date, CA Immo held 6,443,472 treasury shares (31 December 2024: 9,341,683 treasury shares), corresponding to 6.37% of the total number of issued voting shares.

Details regarding the transactions executed under the share buyback programmes can be found on the company's website ([www.caimmo.com/share-buyback](http://www.caimmo.com/share-buyback)).

## BONDS & RATING

As of the balance sheet date, four corporate bonds of CA Immo were listed on the Official Market of the Vienna

Stock Exchange and partially on the Regulated Market of the Luxembourg Stock Exchange (Bourse de Luxembourg).

The rating agency Moody's currently rates CA Immo's long-term issuer rating and the senior unsecured ratings of the outstanding corporate bonds at Baa3 with a stable outlook. The rating was last confirmed by Moody's in April 2025.

## CAPITAL STOCK AND SHAREHOLDER STRUCTURE

The share capital of CA Immo amounts to €735,517,568.35 and is divided into four registered shares and 101,171,605 ordinary bearer shares, each representing €7.27 of the share capital. The bearer shares are listed on the Prime Market of the Vienna Stock Exchange (ISIN: AT0000641352).

With a stake of around 66% (66,531,265 bearer shares and four registered shares at the time of reporting), SOF-11 Klimt CAI S.à r.l., Luxembourg, a company managed by Starwood Capital Group, is CA Immo's largest shareholder. Starwood Capital Group is a private investment firm with a core focus on global real estate. The remaining shares in CA Immo are held in free float by institutional and private investors.

## PROPERTY ASSETS

The company's core business is commercial real estate, with a clear focus on office properties across the gateway cities in Germany, Austria and the CEE region; it deals with both investment properties (80% of the total portfolio) and investment properties under development (13% of the total portfolio). Properties intended for trading or

sale (reported under short-term property assets) account for the remaining 7% of property assets.

As at the reporting date of 30 September 2025, the value of **total property assets** stood at around €4.7bn (31.12.2024: €5.0bn).

### CHANGES TO THE PORTFOLIO IN THE FIRST THREE QUARTERS OF THE YEAR 2025

#### Sales

CA Immo successfully completed the sale of older and non-strategic portfolio buildings in the first three quarters of the year. In total, sales proceeds of €378.0m (Q1-Q3

2024: €138.9m) – incl. sale of real estate owned pro rata by CA Immo, at equity – were generated across the Group.

In the case of company sales (share deals), the sales proceeds are the net position of the sales price achieved for the property, less borrowings, plus other assets.

## OVERVIEW OF SALES TRANSACTIONS COMPLETED IN THE FIRST THREE QUARTERS OF THE YEAR 2025

| Property name           | City      | Main Usage  | Type                | Category    | Assets    | Sales date (closing) | Share <sup>1)</sup> | Area <sup>2)</sup> in sqm | Book Value prior period in €m |

## INVESTMENT PROPERTIES

This chapter shows key performance indicators for CA Immo's investment properties such as occupancy rates and yields. Properties used for own purposes and "Rights of Use" are not included in the calculation of these figures. For this reason, these are also excluded from the portfolio book values and the rentable area in the table "Overview investment property key figures" and reported separately in the line "Other investment properties".

As at 30 September 2025, the investment portfolio had an approximate book value of €3.8bn (31 December 2024: €4.3bn) and incorporated a total rentable effective area of around 0.8m sqm (31 December 2024: 0.9m sqm). The decline is due to property sales, the reclassification of investment properties to short-term property assets (IFRS 5), and the reclassification of one investment property to properties under development.

Around 68% of the portfolio (based on book value) is in Germany, 26% of the remaining investment properties are located in CEE, and 6% in Austria. In the first three quarters of the year 2025, the Group generated rental income of €178.3m (30 September 2024: €179.1m). As at the reporting date, the portfolio produced a yield of 5.4% (31 December 2024: 5.5%) with the occupancy rate at 93.7% (31 December 2024: 93.1%).

### Lettings Performance

In the first three quarters of the year 2025, a total of around 101,800 sqm of rentable area was newly let or extended. 44% of this were new leases or lease expansions, 53% accounted for lease extensions and 3% were attributable to extension options exercised in Germany.

### OVERVIEW INVESTMENT PROPERTIES KEY FIGURES AS AT 30 SEPTEMBER 2025

**Like-for-like portfolio development**

The like-for-like analysis of the portfolio provides an overview of the organic year-on-year development of the key portfolio figures, adjusted for portfolio changes (property additions and disposals) to enable comparability. The marginal reduction in the balance sheet value and the increase in gross yield compared with 30 September 2024 were mainly due to the negative net result

from property valuation in Hungary in the fourth quarter of 2024, which reflects changed market conditions in the Hungarian market. Rising rental income is the result of lease adjustments due to indexation clauses and good letting performance, which is also responsible for the increase in the occupancy rate.

**LIKE-FOR-LIKE COMPARISON**

## SUPPLEMENTARY REPORT

The following activities after the key date of 30 September 2025 are reported:

### **Sales**

During the balance sheet preparation period, the closings for the sale of two properties – one in Germany and one disposal group in Czechia – classified under IFRS 5 with a total book value of €110,701K as of 30 September 2025 took place.

### **Share buyback programme**

As part of the share buyback programme launched on September 15, 2025, a total of 965,118 shares were repurchased after the balance sheet date (September 30, 2025) up to November 17, 2025, representing approximately 0.95% of the share capital. The highest price paid per repurchased share was €25.12, and the lowest price paid was €23.28. The weighted average purchase price per share was €24.18, and the total value of the shares repurchased amounted to €23,335,759.43. As of November 17, 2025, CA Immo thus held 6,443,472 treasury shares (December 31, 2024: 9,341,683 treasury shares), corresponding to 6.37% of the total number of issued shares.

### **Changes to the Supervisory Board of CA Immo**

On November 18, 2025, the majority shareholder of CA Immobilien Anlagen AG, SOF-11 Klimt CAI S.à.r.l., has appointed Barry Sternlicht to the Supervisory Board using its delegation rights under the registered shares held. Mr. Sternlicht, Chairman and CEO of Starwood Capital Group, follows David Smith, who has been recalled from his mandate.

## RESULTS

### Result from letting

In the first nine months of 2025, CA Immo recorded a decrease in rental income of –0.4% to €178.3m (1-3Q 2024: €179.1m). This development is primarily attributable to higher rental income from investment properties (+€10.9m, incl. former development completions), which could not offset the decline in rental income resulting from the sale of non-strategic properties as part of the strategic capital rotation programme (€–10.5m) and the reclassification of investment properties as properties under development (€–1.2m).

Property expenses directly attributable to the asset portfolio – including own operating expenses – stood at €–23.3m (1-3Q 2024: €–29.9m). The decline is primarily due to the increased occupancy rate. Net rental income after the first nine months was €155.0m (1-3Q 2024: €149.2m), an increase of 3.9% on the previous year.

The efficiency of letting activity, measured as the operating margin in rental business (net rental income to rental income), stood at 87.0% and therefore significantly above the previous year's value of 83.3%. The main reason for that is the higher occupancy rate.

Other expenditure directly attributable to project development stood at €–2.1m after nine months, against €–1.8m in 1-3Q 2024. Gross revenue from services stood at €0.8m, below the previous year's value of €1.5m.

### Sales result

As at the key date, the result from property trading and construction services stood at €9.5m (1-3Q 2024: €10.9m). The result from the sale of investment properties amounted to €4.3m in 1-3Q 2025 (€2.8m in 1-3Q 2024).

### Indirect expenses

Indirect expenditures stood at €–29.6m in the first nine months of 2025, –10.6% below the previous year's level (1-3Q 2024: €–33.1m). This item also contains expenditure counterbalancing the aforementioned €0.8m gross revenue from services.

### Earnings before interest, taxes, depreciation and amortisation (EBITDA)

As a result of the developments outlined, earnings before interest, taxes, depreciation and amortisation (EBITDA) increased by 5.6% to €138.4m (compared to €131.0m in 1-3Q 2024).

### Revaluation result

After the first nine months of 2025, the total revaluation gain amounted to €41.0m, with a revaluation loss of €–55.7m. This resulted in a net revaluation of €–14.8m (€–119.2m in 1-3Q 2024). The main reason for the slightly negative net revaluation is minor value adjustments in CEE, which was not fully offset by modest valuation increases in Germany. CA Immo conducts external valuations on a semi-annual basis (at mid-year and year-end).

### Result from joint ventures

Current results of joint ventures consolidated at equity are reported under 'Result of joint ventures' in the consolidated income statement and amounted to €–1.3m as at the reporting date (€12.1m in 1-3Q 2024). The decline compared with the previous year is primarily related to the Zollhafen Mainz joint venture (successful sales activities in the prior year).

### Earnings before interest and taxes (EBIT)

Earnings before interest and taxes (EBIT) of €119.7m was above the 1-3Q 2024 result of €21.9m mainly due to the negative revaluation result in 1-3Q 2024.

### Financial result

The financial result stood at €–38.1m after the first nine months (1-3Q 2024: €–54.2m). The Group's financing costs amounted to €–45.4m, 15.2% above the value for 1-3Q 2024 (€–39.4m). This includes, among other things, the interest for the Green Bond issued in October 2024 with a coupon of 4.25%.

The result from derivatives amounted to €–3.0m (€–19.8m in 1-3Q 2024). The result from financial investments of €11.1m increased compared to the reference value for the previous year's period of €5.9m. Other items in the financial result totaled €–0.8m (€–0.9m in 1-3Q 2024).

### Taxes on income

Earnings before taxes (EBT) totaled €81.6m and were thus higher than the previous year's figure of €–32.3m.

In Germany, a gradual reduction of the corporate income tax rate was decided in July 2025: starting in 2028, the current rate of 15% will be reduced by 1 percentage point per year, reaching 10% by 2032 (tax rates excluding the solidarity surcharge). In total in Q3 2025 a non-cash deferred tax income amounting to around €85m was recognized.

On the key date, income tax expense was €67.9m (1-3Q 2024: €–1.2m).

**Consolidated net result**

Consolidated net result of €149.6m was significantly up on the 1-3Q 2024 value of €–33.4m in particular due to the effects described above. Earnings per share amounted to €1.56 on the balance sheet date (€–0.34 per share in 1-3Q 2024).

**Funds from operations (FFO)**

In the first nine months of 2025, FFO I of €93.3m was generated, which is 7.8% above the previous year's figure of €86.5m. FFO I is a key indicator of the Group's recurring earnings power and is reported before taxes and adjusted for the result from disposals and other non-recurring effects. Adjusted non-recurring effects amounted in

total to €0.7m (1-3Q 2024: €–2.7m). These were primarily related to financing expenses.

FFO I per share amounted to €0.97 as of the reporting date and was thus 10% above the previous year's figure (1-3Q 2024: €0.89 per share).

FFO II, including property sales result, other non-recurring earnings effects and after tax, is an indicator of the Group's overall profitability and amounted to €69.1m as of the reporting date, –21.6% below the figure for the first nine months of 2024 of €88.1m. The main reason for the decline is the higher tax expense in 2025. FFO II per share stood at €0.72 (1-3Q 2024: €0.90 per share).

<sup>3)</sup> Includes other non-recurring results adjusted in FFO I

**Balance sheet: assets**

As at the balance sheet date, long-term assets amounted to €4,458.7m (77.4% of total assets). Investment property assets on balance sheet stood at €3,793.5m on the key date (31.12.2024: €4,249.7m). The decrease in investment property is primarily due to the reclassification of the Hallesches Ufer property (Berlin) from investment property to property under development, as well as the reclassification of the Kavčí Hori (Prague) property, Millennium Tower 1 (Budapest), Spreebogen (Berlin), Intercity Hotel (Frankfurt), Quartiersgarage (Mainz), and the Campanile site and bus terminal (Frankfurt) to “assets held for sale and assets in disposal groups” (IFRS 5).

The balance sheet item ‘Property assets under development’ was €590.7m on 30.09.2025 (31.12.2024: €457.0m). Total property assets (investment properties, properties used for own purposes, property assets under development and property assets held as current assets) amounted to €4,723.1m on the key date (€4,964.8m on 31.12.2024).

The net assets of joint ventures are shown in the balance sheet item ‘Investments in joint ventures’, which stood at €19.3m on the key date (€62.6m on 31.12.2024). The decrease results from the sale of the interest in the Eggartensiedlung joint venture in Munich.

Cash and cash equivalents incl. cash deposits stood at €886.6m on the balance sheet date (€797.3m on 31.12.2024). The use of cash and cash equivalents included, among other things, the payment of the regular dividend in May 2025 as well as ongoing investments in development projects and the property portfolio. In addition, the Green Bond in the amount of €275.9m that matured in October 2025 was repaid after the balance sheet date.

**Balance sheet: liabilities****Equity**

As at the key date, shareholders’ equity on the Group balance sheet stood at €2,579.4m (€2,562.2m on 31.12.2024). Since the start of the year, total assets decreased by around –4.4% to €5,760.5m (31.12.2024:

€6,028.6m). The equity ratio has increased slightly to 44.8% (31.12.2024: 42.5%).

#### Interest-bearing liabilities

The Group's financial liabilities amounted to €2,538.5m as of the reporting date (31.12.2024: €2,720.8m). Net debt (interest-bearing liabilities less cash and cash equivalents, cash deposits and restricted cash) stood at €1,649.8m at the end of September 2025 (31.12.2024: €1,895.9m). 100% of liabilities to banks and bonds are denominated in Euro.

Gearing (net debt to equity) was 64.0% at the reporting date (31.12.2024: 74.0%). The loan-to-value ratio based on balance sheet values was 34.9% (net, taking into account the Group's cash and cash equivalents, cash deposits and restricted cash) as of 30.09.2025, compared to 38.2% at the beginning of the year.

## EPRA METRICS

In order to ensure comparability with other listed property companies, CA Immo reports individual key figures in accordance with the standards of EPRA (European Public Real Estate Association), the leading interest group for listed property companies. These key figures may differ from the values determined in accordance with IFRS rules. CA Immo follows EPRA's 'Best Practice Recommendations' ([www.epra.com](http://www.epra.com)).

### EPRA NET ASSET VALUE (NAV)

The Net Asset Value (NAV) is a key metric in the real estate industry but often does not reflect the true fair value of assets and liabilities when reported under IFRS. As real estate companies have evolved into actively managed entities, increasingly engaging in non-property-related activities and relying more on capital markets rather than traditional bank financing, the former indicators EPRA NAV and EPRA NNNAV have been replaced by three new valuation measures: EPRA Net Reinstatement Value (NRV), EPRA Net Tangible Assets (NTA), and EPRA Net Disposal Value (NDV). These new metrics are intended to better reflect the structure and operations of modern real estate companies.

### EPRA KEY FIGURES

| EPRA Key Figures   |     | 30.09.2025 | 31.12.2024 |
|--------------------|-----|------------|------------|
| EPRA NRV           | € m | 3,242.1    | 3,350.4    |
| EPRA NRV per share | €   | 33.88      | 34.48      |
| EPRA NTA           | € m | 2,977.7    | 3,104.3    |
| EPRA NTA per share | €   | 31.12      | 31.95      |
| EPRA NDV           | € m | 2,601.8    | 2,617.5    |
| EPRA NDV per share | €   | 27.19      | 26.94      |

### EPRA Net Reinstatement Value

The objective of the EPRA Net Reinstatement Value measure is to highlight the value of net assets on a long-term basis. Assets and liabilities that are not expected to crystallise in normal circumstances such as the fair value

movements on financial derivatives and deferred taxes on property valuation surpluses are therefore excluded. Since the aim of the metric is to also reflect what would be needed to recreate the company through the investment markets based on its current capital and financing structure, related costs such as real estate transfer taxes should be included.

### EPRA Net Tangible Assets

The underlying assumption behind the EPRA Net Tangible Assets calculation assumes entities buy and sell assets, thereby crystallising certain levels of deferred tax liability.

### EPRA Net Disposal Value

Shareholders are interested in understanding the full extent of liabilities and resulting shareholder value if company assets are sold and/or if liabilities are not held until maturity. For this purpose, the EPRA Net Disposal Value provides the reader with a scenario where deferred tax, financial instruments, and certain other adjustments are calculated as to the full extent of their liability, including tax exposure not reflected in the Balance Sheet, net of any resulting tax. This measure should not be viewed as a "liquidation NAV" because, in many cases, fair values do not represent liquidation values.

The Net Asset Value (IFRS) as of September 30, 2025 amounted to €2,579.4m (€26.96 per share), compared to €2,562.1m (€26.37 per share) at year-end 2024 – an increase of 0.7% (2.2% per share).

The EPRA Net Tangible Assets (NTA) at the reporting date totaled €2,977.7m, 4.1% below the year-end 2024 figure of €3,104.3m. This corresponds to an EPRA NTA per share of €31.12, which is 2.6% lower than the EPRA NTA per share of €31.95 as of December 31, 2024.

The number of shares outstanding as of the reporting date was 95,693,251 (December 31, 2024: 97,154,743).

## NET ASSET VALUE (NRV, NTA AND NDV AS DEFINED BY EPRA)

## EPRA LOAN-TO-VALUE

Loan-to-value (LTV) is a widely used metric in corporate reporting. However, as there is no predefined and generally accepted concept on how to calculate and report LTV, investors, analysts and financing professionals often find that the calculation of the ratio is inconsistent among different listed real estate companies and in different jurisdictions.

The objective of the EPRA LTV is to assess the gearing of the shareholders' equity within a real estate company. To achieve this goal, EPRA LTV provides adjustments to IFRS reporting.

The EPRA LTV is calculated on the basis of a proportional consolidation. This means that EPRA LTV includes the Group's share of the net debt and net assets of joint ventures or significant associated companies. Assets are recognized at fair value, net debt at nominal value.

## EPRA YIELDS

The type and scope of yield disclosures often vary and the metrics used are not consistently defined. In order to provide comparable reporting in terms of yields across Europe, EPRA has defined two yield measures.

The EPRA Net Initial Yield is calculated as annualised rental income based on rents at the balance sheet date,

less non-refundable property operating costs, divided by the market value of the property. The EPRA "topped up" Net Initial Yield is calculated using an adjustment in respect of the granting of rent-free periods (or other unexpired lease incentives such as discounted lease periods and step-rents).

### EPRA YIELDS <sup>1)</sup>

<sup>1)</sup> Based on the like-for-like portfolio adjusted for transaction costs

## EPRA VACANCY RATE

Vacancy rate reporting is not standardised across the real estate industry. In order to promote comparable and consistent reporting, the EPRA requirements specify a single, clearly defined vacancy rate disclosure. The EPRA Vacancy Rate is to be expressed as a percentage equal to the expected rental value of vacant space divided by the expected rental value of the entire portfolio. The EPRA Vacancy Rate is calculated only for completed properties (investment, trading and including share of joint ventures' vacancy), but excluding properties under development.

### EPRA VACANCY RATE

|              | Vacancy<br>ERV | Full<br>Reversion<br>ERV | EPRA<br>Vacancy<br>Rate |
|--------------|----------------|--------------------------|-------------------------|
| Germany      | 6.6            | 141.6                    | 4.7%                    |
| Austria      | 1.2            | 14.7                     | 8.2%                    |

| <b>Total</b> | <b>12.7</b>    | <b>216.2</b>             | <b>5.9%</b>             |

## EPRA COST RATIOS

The EPRA Cost Ratios are aimed at providing a consistent baseline from which companies can provide further information around costs where appropriate. The EPRA recommendation therefore includes suggestions for how companies might provide this additional information.

The EPRA Cost Ratios show the company's cost efficiency by comparing the proportional share of the operating and administrative expenses for investment property – both including and excluding direct vacancy costs – to gross rental income for the reporting period.

## EPRA COST RATIOS

## RISK REPORT

---

### KEY RISKS

Information on the risk management system and further details on those risks that have or could have a significant impact on CA Immo and about the Risk Management System and the risk-bearing capacity, can be found in the 2024 Annual Report on pages 66 to 76 and in the Interim Financial Report as at 30 June 2025.

No further risks that would lead to a significant change in the risk profile became apparent during the third quarter of 2025. The statements made in the Annual Report and in the Interim Financial Report as at 30 June 2025 therefore continue to apply.

CONSOLIDATED INCOME STATEMENT
